I want to thank the CLABC board and its membership, the Cy Lakes administration, and the entire Spartan family for a truly successful 2009-10. The School Year has been another of many firsts for our athletic teams and I believe they proved that they are up to the challenge both on and off the field.

Next year will be no exception as Spartan Varsity football becomes reality!

I am proud to play a part in ensuring our student athletes have everything they require to reach their full potential in competition. With tightening school budgets, the necessity for quality fund raising organizations like the CLABC becomes more and more evident. Competition among 10 High Schools is challenging enough, but without equal tools, equipment, and training facilities, the task would be near impossible.

Thank you again to Marty Kunz and the out-going CLABC board for their passion, for their integrity, and for creating the solid foundation upon which future Cy Lakes booster clubs will always be grateful.

I promise that the 2010-11 CLABC Board will continue to honor the commitment of our student athletes and the expectations of the student parents, coaches, and administrators by never losing site of our charge; the students.

As we begin this next chapter, I simply ask for your continued support and honest conversation about the best way to serve our student athletes and Cy Lakes High School. I am excited about the future and looking forward to meeting all challenges.

Thank you.
